"Prickly Ash Bitters" is an unfailing specific for all complaints arising from a derangement of the functions of the liver. It purifies the blood and infuses new life into the invalid. Pains in the side, general uneasiness, loss of appetite, headache, bilious attacks, etc., efc., are sure indications that a corrective is needed. "Prickly Ash Bitters" is especially adapted for these complaints. It arouses a torpid liver to action and restores it to a healthy condition.

At this season of the year there has heretofore usually been a full in both the retail and wholesale trade of Waco, but this year trade has been re-markably active, especially in the wholesale line, and in this respect the wholesale grocery house of Kellum & Rotan has done a business which, from the data before us, we judge will compare favorably with any similar house doing business in Texas. By the close of the commercial year, the first of September, their sales for the year will show over a million of dollars. The re-organization and return of Mr. Rotan to the firm, men-tion of which was made in the Ga-ZETTE at the time, has given an impetus to the house and an increase of business which it has never had before at this season of the year; and besides the firm now possesses privi-leges and advantages superior to any which it has heretofore had. If you desire any bill, which has been made in Texas, here is the place to get it

Honor held their tenth annual re-union in this city to-night at Odd Fellows hall. It was a brilliant affair, reflected great credit upon Knights and Ladies of and Honor. It consisted of speeches, and a social and ice cream festival. Hon. Webster Flanagan had been engaged as the speaker of the oc-casion, but a telegram from him this morning announced that by reason of serious illness in his family it was impossible for him to be present. The committee, therefore, waited on M. D. Herring, Esq., of this city, and he consented to deliver the anniversary address. After the large audience had assembled, Mr. Herring was introduced and in hto eculiarly happy style delivered an impromtu address. which, for beauty of style, elegance of diction and oratorial display, we have rarely heard equaled.
